Reinforcement Learning for Stochastic Networks, Toulouse

Monday, June 17, 2024

Parallel session: Online learning in stochastic networks - A002 (3:30 PM - 5:00 PM)

time	[id] title	presenter
3:30 PM	[33] Online Learning and Optimization for Queues with Unknown Demand Curve and Service Distribution	CHEN, Xinyun
4:00 PM	[48] Recent Advances in Average-Reward Restless Bandits	WANG, Weina
4:30 PM	[80] Scalable Learning in Weakly Coupled Markov Decision Processes	YAN, Chen
