Theoretical and computational methods in active matter. Lecture 3

mercredi 28 mai 2025 11:00 (1 heure)

1. Simple models for active systems
2. Motility and swimming at small scales
3. Mesoscopic models of active matter

Auteur: PAGONABARRAGA, Ignasi (Dept. Condensed Matter Physics, University of Barcelona)

Orateur: PAGONABARRAGA, Ignasi (Dept. Condensed Matter Physics, University of Barcelona)
