

Analysis and Control of Fluid-Structure Interaction Systems

Tuesday 03 October 2017

Afternoon 03/10/17 - Conference Hall (14:00-17:30)

time	[id] title	presenter
14:00	[34] Global Existence of Weak Solutions for Compressible Navier--Stokes Equations: Thermodynamically unstable pressure and anisotropic viscous stress tensor	Mr JABIN, Pierre-Emmanuel
15:00	[39] Transport of congestion in two-phase compressible/incompressible flow	Mrs ZATORSKA, Ewelina
16:00	Coffee Break	
16:30	[27] Tailoring the tails in Taylor dispersion	Mr CAMASSA, Roberto
