

MathEcoMed Workshop : Strategic Interactions

Mathematics and Economics around the Mediterranean

June 22–23, 2026

Luiss University, Viale Romania campus, Rome

Room: Aula Toti

Short Program

Monday, June 22

- 14:00–14:45 **Marta Leocata** (*Luiss University*)
Optimal Policies for Environmental Assets under Spatial Heterogeneity
and Global Awareness
- 14:45–15:30 **Charles Bertucci** (*CEREMADE, CNRS, Université Paris Dauphine–
PSL*)
Correlated equilibria in mean field games
- 15:30–16:00 *Coffee break*
- 16:00–16:45 **Jérôme Renault** (*Toulouse School of Economics*)
A Folk Theorem for finitely repeated games with signals
- 16:45–17:30 **Hlafo Alfie Mimun** (*John Cabot University*)
Best-Response Dynamics in Two-Person Random Games with Correlated
Payoffs
- 19:30 *Dinner (speakers only)*

Tuesday, June 23

- 09:00–09:45 **Debora Di Gioacchino** (*Sapienza University of Rome*)
Private Health Insurance and Unmet Medical Needs: A Political Economy
Analysis
- 09:45–10:30 **Michalis Deligiannis** (*Luiss University*)
Dynamic Wholesale Pricing under Censored-Demand Learning
- 10:30–11:00 *Coffee break*
- 11:00–11:45 **Tristan Tomala** (*HEC Paris*)
Strategic Communication with Capacity-Limited Mediation
- 11:45–12:30 **Marie Laclau** (*HEC Paris and CNRS*)
Unmediated communication in games with (in)complete information: the
4-player case
- 12:30–14:00 *Buffet lunch*
- 14:00–14:45 **Doruk Cetemen** (*Luiss University*)
Pushing the Frontier
- 14:45–15:30 **Eloisa Campioni** (*Tor Vergata University of Rome*)
Keeping the Agents in the Dark: Competing Mechanisms, Private Dis-
closures, and the Revelation Principle
- 15:30–16:00 *Coffee break*
- 16:00–16:45 *Open discussion*
