

Conference: "SINGULAR LANDSCAPES"

lundi 22 juin 2015

Afternoon session: HUH: Milnor numbers of projective hypersurfaces and the chromatic polynomial of graphs - La Parrachée (14:00 - 15:00)

time	[id] title	presenter
14:00	[16] Milnor numbers of projective hypersurfaces and the chromatic polynomial of graphs	M. HUH, June

Afternoon session: KHOVANSKII: Algebraic geometry, theory of singularities, and convex geometry - La Parrachée (15:15 - 16:15)

time	[id] title	presenter
15:15	[12] Algebraic geometry, theory of singularities, and convex geometry	M. KHOVANSKII, Askold

mardi 23 juin 2015

Afternoon session: ULRICH : Rees algebras of codimension three Gorenstein ideals (14:00 - 15:00)

Afternoon session: YIN: Non-Archimedean Lipschitz stratification (15:15 - 16:15)

Afternoon session: PE PEREIRA: About the arc space of C^2 and adjacencies of plane curves. (16:45 - 17:45)

jeudi 25 juin 2015

Afternoon session: MUSTATA: On some questions about valuations and minimal log discrepancies (14:00 - 15:00)

Afternoon session: McLEAN: Minimal Log Discrepancy of Isolated Singularities and Reeb Orbits. (15:15 - 16:15)
