Galois representations and modular forms - Salle de réunions (9:00 AM - 6:00 PM)

-Conveners: Mladen Dimitrov

time	[id] title	presenter
9:00 AM	[10] Rings and images occurring from universal deformations of profinite groups	BOECKLE, Gebhard
10:00 AM	Coffee break	
10:30 AM	[20] Equivariant L-values of modular abelian varieties	BRUNAUT, François
11:30 AM	Break	
11:45 AM	[30] On the modularity of reducible mod l Galois representations	BILLEREY, Nicolas
12:45 PM	Lunch break	
3:30 PM	[40] The future of modularity	DIEULEFAIT, Luis
4:30 PM	Coffee break	
5:00 PM	[50] Automorphic Galois representations in the inverse Galois problem	WIESE, Gabor
