Workshop "Hamiltonian methods in strongly coupled Quantum Field Theory"

mardi 9 janvier 2018

<u>**Tue Jan 9**</u> **- Marilyn and James Simons Conference Center (09:30 - 17:30)**

time	[id] title	presenter
09:30	Morning coffee	
10:00	[4] Tensor networks and the Schwinger model	KAREL VAN ACOLEYEN
11:00	Coffee break	
11:30	[5] Tensor network applications to (1+1)d gauge theories	MARI CARMEN BANULS
12:30	Lunch buffet	
14:30	[6] Precise calculations with the Renormalized Hamiltonian Truncation approach	JOAN ELIAS-MIRÓ
15:30	Coffee break	
16:30	[7] Numerical Hamiltonian truncation approach to the \phi^4 theory in 1+1d and beyond	ANDREAS LÄUCHLI
