

Workshop “Hamiltonian methods in strongly coupled Quantum Field Theory”

lundi 8 janvier 2018

Mon Jan 8 - Marilyn and James Simons Conference Center (09:30 - 17:30)

time	[id] title	presenter
09:30	Morning coffee and registration	
10:00	[0] Applications of TCSA to quenches	GÁBOR TAKÁCS
11:00	Coffee break	
11:30	[1] Sinh-Gordon model and its duality	GIUSEPPE MUSSARDO
12:30	Lunch break	
14:30	[2] Neural-network quantum states	GIUSEPPE CARLEO
15:30	Coffee break	
16:30	[3] Finding purifications with minimal entanglement	FRANK POLLMANN
