

Workshop “Hamiltonian methods in strongly coupled Quantum Field Theory”

jeudi 11 janvier 2018

Thu Jan 11 - Marilyn and James Simons Conference Center (09:30 - 17:30)

time	[id] title	presenter
09:30	Morning coffee	
10:00	[12] Nonperturbative light-front methods	JOHN HILLER
11:00	Coffee break	
11:30	[13] Application of Light-Front methods to model theories	SOPHIA CHABYSHEVA
12:30	Lunch buffet	
14:30	[14] Studying RG Flows with Lightcone Conformal Truncation	MATTHEW WALTERS
15:30	Coffee break	
16:30	[15] Free field states and conformal bases	BRIAN HENNING
