

Pregramme des sessions

6-7 nov. 2017

**First workshop on gaussian processes at
Saint-Étienne**

**Gaussian Random Field: simulation and
quantification of the error, stationary case
and application to some non-stationary cases**

Campus de la Métare à Saint-Etienne, C112

lun. 6 novembre

16:00

17:00

Gaussian Random Field: simulation and quantification of the error, stationary case and application to some non-stationary cases: (par Victor Rabiet)

Session | **Site:** Campus de la Métare à Saint-Etienne, C112
