

# Mixture models : Theory and applications

## vendredi 22 juin 2018

**Softwares - Amphi Risler (jeudi), Amphi Tisserand (vendredi) (14:00 - 17:00)**

time	[id] title	presenter
14:00	[16] MASSICCC: A SaaS Platform for Clustering Mixed Data	Prof. BIERNACKI, Christophe
14:45	[17] "Blockcluster" and "simerge" : Two R packages for Latent Block Models and Latent Block Models with co-variables implemented in C++	Dr IOVLEFF, Serge
15:15	Coffee Break	
15:45	[24] Packages R pour la réduction de dimension en clustering	Dr SEDKI, Mohamed
16:15	[25] Co-expression analyses of RNA-seq data in practice with the R/Bioconductor package coseq	Dr RAU, Andréa
