

Asymptotic Behavior of systems of PDE arising in physics and biology:
theoretical and numerical points of view (ABPDE III)

Contribution ID: 5

Type: **not specified**

**An asymptotic-preserving and well-balanced scheme
for the shallow-water equations with Manning
friction**

Tuesday, August 28, 2018 5:00 PM (35 minutes)

Presenter: BULTEAU, Solène (Université de Nantes)
