

La théorie d'Oseen-Frank des cristaux liquides/The Oseen-Frank theory of liquid crystals

mercredi 25 avril 2018 16:30 (1 heure)

The lecture will discuss the classical Oseen-Frank theory of nematic liquid crystals, and some results with Epifanio Virga on energy-minimizing properties of universal solutions, and with Lu Liu on exterior problems.

Auteur principal: BALL, John (U. Oxford, Royaume Uni)

Co-auteurs: VIRGA, Epifanio (U. Pavie, Italie); LIU, Lu (U. Oxford, Royaume Uni)

Orateur: BALL, John (U. Oxford, Royaume Uni)
