

# Phylogeny and inference: from models to data and back

## mardi 2 février 2021

### Morning - Amphithéâtre Hermite (08:00 - 12:00)

time	[id] title	presenter
09:00	[7] Chikara Furusawa - Toward prediction and control of microbial evolution: Analysis of phenotypic constraints in laboratory evolution	
09:30	[8] François Blanquart - Evolution of virulence in commensal bacteria: example of the High Pathogenicity Island in Escherichia coli	
10:00	[9] Guillaume Achaz - What process(es) explain(s) genetic diversity within species?
