

Preprogramme des sessions

30 mars 2021 à 1 avril 2021

**Conference: Meeting of the National
Research Group on Gravitational Waves**

Contributed talks: Waveforms

Institut Henri Poincaré, Amphithéâtre Hermite
11 rue Pierre et Marie Curie 75005 Paris

mar. 30 mars

09:30

Contributed talks: Waveforms**Session****09:30 - 09:45 Spinning black holes fall in Love****Orateur**

Dr Alexandre Le Tiec

09:45 - 10:00 Effective two-body approach to the hierarchical three-body problem**Orateur**

Adrien Kuntz

10:00 - 10:15**Schwarzschild-Tangherlini metric from scattering amplitudes in various dimensions****Orateur**

Stavros Mougiakakos

10:15 - 10:30**Gravitational Bremsstrahlung in the Post-Minkowskian Effective Field Theory****Orateur**

Massimiliano Maria Riva

10:30
