

Functional Equations in LIMoges 2015

Rapport sur les contributions

Functional Equat ... / Rapport sur les contributions

The EG-family of algorithms and p ...

ID de Contribution: 5

Type: Non spécifié

The EG-family of algorithms and procedures for solving linear differential and difference higher-order systems

Orateur: ABRAMOV, Sergei

Functional Equat ... / Rapport sur les contributions

Computer algebra techniques for t ...

ID de Contribution: 6

Type: Non spécifié

Computer algebra techniques for testing the stability of n-D linear discrete systems

Orateur: BOUZIDI, Yacine

Computations of Hypergeometric Generating Series for Small-Step Walks in the Quarter Plane

Orateur: CHYZAK, Frédéric

Functional Equat ... / Rapport sur les contributions

Formal Reduction of a Class of Pfa ...

ID de Contribution: **8**

Type: **Non spécifié**

Formal Reduction of a Class of Pfaffian Systems in Several Variables

Orateur: JAROSCZEK, Maximilian

Functional Equat ... / Rapport sur les contributions

Algebras of Differential Invariants

ID de Contribution: 9

Type: Non spécifié

Algebras of Differential Invariants

Orateur: OLVER, Peter J.

Functional Equat ... / Rapport sur les contributions

On d'Alembertian and Liouvillian ...

ID de Contribution: **10**

Type: **Non spécifié**

On d'Alembertian and Liouvillian Sequences

Orateur: PETKOVŠEK, Marko

Classifying Standard Equations

Orateur: SANABRIA, Camilo

Abstracts

Book of Abstracts FELIM 2015

Geometric Singularities of Algebraic Differential Equations

Orateur: SEILER, Werner
