

MPM-PN Explorations of Inspiring Compact Binaries: Down Indo-French Memory Lane

jeudi 14 octobre 2021 12:00 (30 minutes)

The talk is a personal recall of my involvement in projects related to gravitational waves from inspiraling compact binaries with colleagues in France. In particular, a summary of aspects related to eccentric binaries pursued in my group.

Orateur: IYER (REMOTE), Bala (ICTS, TIFR, Bangalore)
