Flat Space Holography (T: 50mn + Q: 10mn)

mardi 10 mai 2022 14:00 (1 heure)

Ever since the discovery of AdS/CFT duality 25 years ago, theorists have sought Minkowski space analogs. I will give an elementary introduction to some of the progress in recent years. First, I will say a bit about Mike.

Orateur: Prof. SCHWARZ, John (Caltech)

Classification de Session: Afternoon chair: Adel Bilal
