

Remote Talk - Square Dancing from the Viewpoint of a Mathematical Physicist (T: 50mn + Q: 10mn)

mercredi 11 mai 2022 15:00 (1 heure)

I will explain what modern western square dancing is and describe some mathematical viewpoints on the subject. The mathematics is neither complex nor deep, but it is fun.

Orateur: Prof. MOORE, Greg (Rutgers University)

Classification de Session: Afternoon chair: Ivan Kostov
