# An Introduction to Geometry and Dynamics on Semisimple Lie Groups and Their Quotients by Discrete Subgroups (2/3)

*lundi 19 juin 2023 13:30 (1 heure)*

The purpose of these lectures is to introduce certain objects and structure results on semisimple Lie groups, their structure theory, their discrete subgroups and the asymptotic behaviour of the latter.

**Orateur:**    Prof. QUINT, Jean-François (CNRS & Université de Bordeaux)
