Status and perspectives

mercredi 8 novembre 2023 09:40 (30 minutes)

Smilei is celebrating its 10th anniversary since the first written line of code, and its 5th anniversary since its reference paper publication. We will review its current capabilities, new and future features, the recent achievements, as well as the participating people and its position in the landscape of PIC codes.

Orateur: GRECH, Mickael (LULI, CNRS)

Classification de Session: Smilei
