

# Journées autour des écoulements granulaires

## lundi 3 juillet 2023

### Lundi après-midi: Session 1 - Amphi Hennequin (14:00 - 15:40)

time	[id] title	presenter
14:00	[86] Crossing approaches to better understand (and model) bedload transport and granular media	MAURIN, Raphael
14:50	[92] Numerical analysis at the particle scale of granular flow hysteresis on an inclined plane	LAMBERT, Clovis

### Lundi après-midi: Session 2 - Amphi Hennequin (16:00 - 17:40)

time	[id] title	presenter
16:00	[93] Grain size segregation in bedload sediment transport	FREY, Philippe
16:50	[88] A well-balanced entropy scheme for a shallow water type system describing two-phase debris flows	DRACH, Elias
