# Mathematical Aspects of Quantum Mechanics

 January 15-19, 2024

 Institut de Mathématiques de  
Toulouse - France

$$i\hbar \frac{\partial}{\partial t} \Psi = \hat{H} \Psi$$

## Courses

- **Vojkan Jaksic**  
Transfer operators in classical and quantum statistical mechanics
- **Stéphane Nonnenmacher**  
Introduction to spectral theory
- **Stephan De Bièvre**  
Quasiprobabilities at the service of the quantum

**cimi**  
Centre International de Mathématiques et d'Informatique  
TOULOUSE

Possible financial support for some students and young researchers.
